VENICEARRHYTHMIAS PRESENTS:
POLISH CORNER @ VA2013

Jerzy K. Wranicz   **Wojciech Zareba**

Dear friends and colleagues,

we would like to remind you that the forthcoming edition of **VeniceArrhythmias**, due to take place in **Venice, October 27-29, 2013**, will include an especially dedicated **POLISH SCIENTIFIC SESSION** among the Geographic Area Corners:

Polish Corner

Program Chairmen
Jerzy K. Wranicz / Lodz, Poland
Wojciech Zareba / Rochester, USA

Sunday, October 27 - Borges Room - h. 10.45-12.45

INNOVATIVE APPROACHES IN DEVICE MANAGEMENT
Chairmen: **J.K. Wranicz** / Lodz, Poland - W. Zareba / Rochester, USA

Optimal selection of patients for CRT-D
W. Zareba / Rochester, USA

Triple-site CRT
R. Lenarczyk / Zabrze, Poland

New methods of monitoring patients with devices
J.K. Wranicz / Lodz, Poland

Role of medications in reducing inappropriate therapy
S. Dubner / Buenos Aires, Argentina

Innovative approaches in lead extractions
A. Kutarski / Lublin, Poland

Further information concerning the other Geographic Area Corners is available on **VA2013 Advance Program - download it on the congress' website.**

We encourage you to submit your scientific contribution to VA2013: we would also like to underline that **all accepted abstracts will be published in a special issue of the JAFib.**

Moreover, though VA2013Abstract Submission Deadline has officially expired, contact the Organizing Secretariat to verify if it's still possible to compete for the **GEOGRAPHIC AREAS SPECIAL BEST ABSTRACT AWARDS - EASTERN EUROPE AREA,** to be given to the best work among accepted oral communications and posters, according to the presenter's area of origin, after being selected by the Abstract Awards Committee.

The winners will be announced during VA2013 Opening Ceremony.

> **VeniceArrhythmias 2013: a not-to-be-missed occasion to attend an internationally renowned workshop - and not only for electrophysiologists and cardiologists, but for all clinicians!**

See you at VA2013 - the BREAKTHROUGH cardiology event of the year!
